

Maths: Access All Areas

Differentiated approaches to raising achievement and excellence in mathematics

A **FREE** professional development opportunity for teachers, heads of department, senior managers and careers advisors

Monday 7th July 2008

Room 113 Francis Bancroft Building
Queen Mary University of London
Mile End Campus

Registration/coffee 9:30-10:00
Sessions 10:00-13:00
Lunch 13:00-14:00

This is an opportunity to meet with those who are at the forefront of delivering a coherent mathematics strategy that is designed to influence teachers, parents, managers and most importantly students.

There will be speakers and interactive workshops highlighting a range of provision that can influence strategy, resources and professional development needs that are currently available in the London region including:

Name	Position	Organisation	Session Theme
Makhan Singh	National Project Manager	More Maths Grads	Welcome and introduction
David Arrowsmith	Head of School of Mathematical Sciences	Queen Mary University of London	Maths at Queen Mary: essential skills
Bhupinder Singh	Director	Ocean Maths Project	Practical ways to improve motivation by involving parents in KS3 maths
Sapna Somani	Maths Coordinator, 14 – 19 Diploma in Engineering	Royal Academy of Engineering	Applications of the advanced maths unit in diplomas
Sybil Cock	London Regional Coordinator	National Centre for the Excellence in Teaching Mathematics (NCETM)	Making Maths exciting and engaging - the Bowland Case Studies
Vivien Easson	Subject Coordinator	More Maths Grads London East	Promoting maths activities in East London
Zia Rahman	Careers Coordinator	More Maths Grads London East	What's the point of maths? DVD and poster resources for teachers and students
Peter McOwan	Professor of Computer Science and editor of CS4FN magazine	Queen Mary University of London	The magic of maths
